Bài Tập 2:

```
Interface SHape {
    void draw ();String color);
    String color = "red";
}
Public class Rectangle implements SHape {
    private doble double width, height;
    @ override
    public void draw () {
        System.out.println ("draw rectangle...");
    }
}
Public class Circle implements SHape {
    @ override
    public void draw () {
        System.out.println ("draw circle with " + color);
    }
}
```
